

**ONTARIO INNOVATION TAX CREDIT
(2010 and later tax years)**

Name of corporation	Business Number	Year	Tax year-end Month	Day
---------------------	-----------------	------	--------------------	-----

- Use this schedule to claim an Ontario innovation tax credit (OITC). A qualifying corporation must:
 - have had a permanent establishment in Ontario during the tax year;
 - have carried on scientific research and experimental development (SR&ED) in Ontario during the tax year;
 - be eligible to claim a federal investment tax credit under section 127 of the federal *Income Tax Act* for its qualified expenditures; and
 - have filed Form T661, *Scientific Research and Experimental Development (SR&ED) Expenditures Claim*, in the tax year.

- The OITC is a 10% refundable tax credit based on the sum of the corporation's qualified expenditures incurred in Ontario and any eligible repayments.

- The OITC is available to a maximum annual expenditure limit of \$3 million. Associated corporations must share in the \$3 million expenditure limit.

- Effective January 1, 2010, qualifying corporations are eligible to claim the full OITC with a qualified expenditure limit of \$3 million where their specified capital amount or their federal taxable income for the previous tax year is not more than \$25 million and \$500,000, respectively. If one of these amounts is more than the respective threshold, the \$3 million limit is progressively reduced.

- Qualified expenditures include 100% of current expenditures and 40% of capital expenditures.

- A corporation can waive its eligibility for all or part of the OITC by completing Part 7 of this schedule.

- Expenditure limit, qualified expenditure, and eligible repayments are defined in subsections 96(3), 96(3.1), as well as 96(8) and 96(12) of the *Taxation Act, 2007* (Ontario), respectively.

- File this schedule with your *T2 Corporation Income Tax Return*.
