

Complete this form to calculate your Manitoba tuition fee income tax rebate. You can claim this rebate if you were a resident of Manitoba at the end of the year and you graduated after 2006.

Eligible tuition fees are tuition fees for which you were entitled to claim the federal tuition amount after 2003 and up to the date you graduated.

You must make your initial claim no later than 10 years from the year that you **first** graduated.

The rebate earned in the year is used to reduce your Manitoba tax payable for that year. Any unused rebate earned can be carried forward for up to 20 years after your initial claim.

If you are filing electronically, keep all your documents in case we ask to see them at a later date. **If you are filing a paper return, attach this form.**
