(1) If you are a member of a partnership, include your share of the income and deductions for the partnership's fiscal period ending in 2019. Do not include any amounts that you have to include on lines 8 to 10 of this form.

(2) For film property and rental and leasing property, first add income from these investments (before CCA or carrying charges, if they apply) and net taxable capital gains, if any, from dispositions of such investments. Then subtract losses from these investments (before CCA or carrying charges, if they apply). If the result is negative, enter "0".

(3) If your interest in the partnership is in a tax shelter that the partnership holds, include on line 8 your share of the net losses of the partnership from each source (allowable capital losses, business losses, and property losses) that is more than the amount allowed under paragraph 127.52(1)(c.1) of the Act. Generally, the amount allowed under that paragraph should correspond with the net taxable capital gains that were attributed to you by the partnership or that you have realized on the disposition of your interest in the partnership. These losses are generally reported on line 12200 of your return, except rental (line 12600) and farming losses (line 14100).

(4) Also include all other amounts deducted for property for which an identification number is required to be, or has been, obtained under section 237.1 of the Act, such as carrying charges for the acquisition of the property. Do not include amounts that you have to include on any other line of this form.

(5) Enter on this line carrying charges for the acquisition of an interest in a partnership of which you were a limited or non-active partner, or in a partnership that owns a rental or leasing property or a film property.
