

Complete this form to calculate your Manitoba mineral exploration tax credit. You can claim this credit if you received an Information Slip T101, Statement of Resource Expenses, from a mining corporation, with an amount in box 144, or an Information Slip T5013, Statement of Partnership Income, received as a member of a partnership, with an amount in box 199.

The credits you earned in the year are used to reduce your Manitoba tax payable for that year. Any unused amounts can be carried forward for ten years or carried back for three years.

If you are filing electronically, keep all your documents in case we ask to see them later. If you are filing a paper return, attach this form and your T101 or T5013 slips to your return.
