**Part B – Calculating the current year non-refundable ITC****Mineral exploration tax credit (METC)**

Total of your flow-through mining expenditures (also referred to as renounced Canadian exploration expenses) from box 128 of your T101 slip or box 194 of your T5013 slip ..... **67170** \_\_\_\_\_ × 0.15 = \_\_\_\_\_ B\*

\* This amount must be reduced by any allowable provincial tax credits. This credit will reduce your Canadian exploration expense pool in the year following the year in which you claim the credit.

**Apprenticeship job creation tax credit (AJCTC)**

If your apprentice works for you and also works for a related employer as defined under subsection 251(2) of the Act, all related employers have to agree in writing that you are the only employer who will be claiming the apprenticeship job creation tax credit for this tax year for each apprentice whose contract number, social insurance number (SIN), or name appears below.

For each apprentice in their first 24 months of the apprenticeship, enter the apprenticeship contract number registered with Canada, or a province or territory of Canada, under an apprenticeship program designed to certify or license individuals in the trade. If there is no contract number, enter the SIN or the name of the eligible apprentice. Then, enter the name of the eligible trade and the eligible salary and wages\*\* payable in the year in respect of employment **after** May 1, 2006. The credit is 10% of the total of the amounts in **Table 1**, column 3. Attach a note if more space is required.

**Total credit available for carryback** (amount 1 minus amount 2) ..... =                     

\* To arrive at the amount for carryback, you first have to apply your credit to the fullest extent in the current year, whether you claimed all of it or not. Before determining the amount available to carry back, you first have to reduce your federal tax for the current year by the maximum amounts you could have claimed in columns 6 and 7 in Part F of this form, whether you claimed the maximum or not.

## Calculating a carryback and refund of an ITC

Complete this section to request a carryback of the ITC you earned in the current tax year. The carryback provisions allow you to apply a current-year credit against the total of your federal tax for any of the three previous tax years. The credit you apply to a previous year cannot be more than the total of your federal tax for that year.

You have to deduct any amount of the refundable ITC designated as a carryback when you calculate your ITC refund and the balance to carry forward to tax years that follow.

To request a carryback, complete this section and attach this form to your current-year income tax and benefit return.

### Note

We do not refund an amount you designate as a carryback in the current year. Do **not** enter the amount on your income tax and benefit return.
