\* "Permanent establishment" is defined in Regulation 400(2).

\*\* If the corporation has income or loss from an international banking centre: the taxable income is the amount on line 360 or line Z of the T2 return **plus** the total amount not required to be included, or **minus** the total amount not allowed to be deducted, in calculating the corporation's income under section 33.1 of the federal *Income Tax Act*. This does not apply to tax years starting after March 20, 2013.

\*\*\* For corporations other than those described under Regulation 402, use the appropriate calculation described in the Regulations to allocate taxable income.

**Notes:**

- After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the *T2 Corporation – Income Tax Guide*.
- If the corporation has provincial or territorial tax payable, complete Part 2 on the following pages.
